**Re: Danforth Green**

Dear Members of the Board:

Pulte Homes is pleased to submit to you the enclosed materials for your review in anticipation of our discussion at the continued public hearing scheduled for Thursday, January 25, 2007. The following materials have been included for your review:

**1. Riverpath Drive Roadway Improvements Plan**

In accordance with the requirements of the PUD Agreement, we have developed the enclosed Roadway Improvements Plan to upgrade the existing segment of Riverpath Drive for use as a public way. As proposed, the roadway will provide a functional and attractive entrance boulevard for both the future residents of Danforth Green and the current abutters along Riverpath Drive. We have included photos of the existing conditions along Riverpath Drive to provide a basis for what is proposed.

**2. Danforth Green Recreation Plan and Local Recreational Facilities Plan**

The enclosed Danforth Green Recreation Plan illustrates the on-site recreational opportunities as well as the extensive network of walks and trails providing full pedestrian connectivity throughout the site and to the surrounding neighborhoods. We have also included the Local Recreational Facilities Plan to depict the relationship of the Danforth Green project to the existing recreational amenities within the vicinity of the site, as a means of putting the proposed on site amenities into context

We look forward to discussing the enclosed with you at the next Planning Board meeting. In the meantime, please do not hesitate to contact me if you have any questions.

Very truly yours,

Pulte Homes of New England, LLC
