## Plan- Build-Grow (Electronic Permitting and Public Outreach)

The purpose of the Plan-Build-Grow initiative is to provide support and direction for future and current members of the Framingham business community. The Development Handbook and website will provide vital information for applicants regarding the Town's permit processes that may be necessary for completion of a project in Framingham. The Town of Framingham hopes the Plan-Build-Grow initiative will serve as a valuable tool for anyone pursuing a residential, commercial, and/or industrial development within the Town.

The Town of Framingham is committed to fostering a community with high quality development that will create jobs, broaden the Town's tax base, and allow existing companies to grow in place.

Plan-Build-Grow strives to:

- Streamline the permitting process;
- Respond to all inquiries and applicants in a timely manner;
- Ensure that the permitting process is fair and open; and
- Promote future development through efficient permitting.
