DEPARTMENT OF PUBLIC WORKS
WATER & WASTEWATER DIVISION

Schedule of Rates

As approved and accepted:
May 2015

All charges for water use and for work on services as described herein shall be computed in accordance with the following Schedule of Rates as approved by the Board of Selectmen in accordance with the laws of the Commonwealth and shall be revised periodically as appropriate.

Water Entrance Fee - The cost to enter into the system as a new water user is \$1,000 per inch of water service diameter. Pursuant to Section 4.3 of the Water Regulations, any increase in the size of service due to a change in use shall also pay the entrance fee. Any increase of service size that is not due to a change of use, shall pay the difference between the existing service size and the new service size. The table below shows an example of the fee calculation based on typical service diameters.

Service Pipe Size	Entrance Cost
