INVENTORY OF CULTURAL RESOURCES
CITY OF FRAMINGHAM, MASSACHUSETTS
As of December, 2018

The Framingham Historical Commission is pleased to present this updated version of the city's Inventory of Cultural Resources. The previous update was January, 2017.

The inventory now includes 734 buildings, monuments cemeteries, and other sites which contribute to the historical and architectural heritage of the city of Framingham. Of these, 475 are seen to be of special significance as having been listed in the National Register of Historic Places, the Historic Architectural Buildings Survey, and/or one or more local authority of recognition. This includes:

| | | |
|--|----------------------------|-----|
| National Register: | Individual Listings | 14 |
| | Historic District Listings | 200 |
| | Register Eligible | 6 |
| | Total | 220 |
| Historic American Buildings Survey | | 9 |
| Framingham Local Historic District properties | | 89 |
| Framingham Historical Commission marker eligible | | 112 |
| Framingham History Center listing | | 38 |
| Properties with preservation restrictions | | 7 |

Other properties and structures, which have been recognized by the Massachusetts Historical Commission independent of this body are included in the inventory. All city-owned buildings and structures are included. In the first twenty years, since the inventory was established, 1980 – 2000, twenty seven (27) properties/structures were lost to demolition, fire, etc. In the current period, 2000-2016, an additional nineteen (19) properties/structures were lost and twenty (20) were added.

EXPLANATION OF CODES

I. AREA LETTER

Some buildings in the inventory are part of a grouping of structures that gives them extra meaning in terms of their cultural value. These groupings may be neighborhoods, historic districts, or institutional complexes such as the buildings of Framingham State University.

Thirty-six such areas have been identified and are each assigned a letter code. In some cases the areas overlap, resulting in an area designation O/S, where the mill buildings of Saxonville are part of the old Saxonville Mills complex (O), and are also in the National Register's Saxonville Historic District (S).

II. MHC NUMBER

All properties in the Framingham Inventory of Cultural Resources must be registered with the Commonwealth of Massachusetts. The Massachusetts Historical Commission (MHC) maintains the state inventory, and assigns a number to each property. For Framingham each number in the state inventory is preceded with the city code "FRM." The MHC number is included here as a cross reference to the state inventory. Properties with the designation "pending" are in the process of being registered with the state.

III. SIGNIFICANCE CODES

In 1991 Town Meeting passed an historic preservation by-law that provides for a delay period before historically or architecturally significant structures can be demolished. It states that any application for a demolition permit for such a structure shall be subject to review by the Historical Commission. The Commission will make a determination as to its historical and/or architectural significance. A delay period of six (6) to twelve (12) months can be imposed by the Commission, to allow time to explore alternatives to demolition. While listing in the inventory does not automatically indicate significance, it would be an important factor in making the determination. Other factors include some form of recognition in the National Register of Historic Places, or by some other organization such as the Framingham History Center. Recognitions of this nature are included in this inventory in the form of Significance Codes.

- LHD Property is included in a local historic district under the jurisdiction of the Historic District Commission
- NRI Individual listing in the National Register of Historic Places
- NRD Listed in a National Register District
- NRE Eligible for listing in the National Register of Historic Places
- HABS Documented by the Historic American Building Survey
- FHC Property owner has been granted permission by Framingham Historical Commission to place a "circa sign" indicating the historic name and date
- FHS Listed in the "Historic Framingham" publication of the Framingham History Center
- PR Property with preservation restrictions in the deed of ownership
