FRAMINGHAM MASSACHUSETTS

Wittenborg Woods

TRAIL INFORMATION:

Welcome to Wittenborg Woods!

In May of 1999, Framingham acquired 83 acres with money from a state Self-Help Grant and also a collaboration between the Massachusetts Department of Environmental Management and Division of Conservation Services, the Sudbury Valley Trustees, and Harriett Wittenborg. Being the largest conservation parcel, Wittenborg Woods offers ample room for wildlife to establish a home as well as space for plenty of trails. Users should exercise caution during hunting season by wearing orange, as the open area in the center of this parcel is used for bow hunting by a small number of permitted hunters.

Trails

The trails start from the parking lot on the east side of Wayside Inn Road, beside mailbox #95. The walk up is steep and consists of switchbacks before leveling out onto flatter trails. However, elevation and terrain changes return when traversing through the east side of the property, which coincides with the Bay Circuit Trail. Trail users can make a number of loops of various sizes out of the trail system here. However, everyone should make sure that at some point in their travels they take in the fantastic views provided by both the neighboring Howe Farm and Snow Meadow.

TRAIL USE GUIDELINES

- All motorized use prohibited.
