

DEPARTMENT OF PUBLIC WORKS CAPITAL IMPROVEMENT PROGRAM

110 WESTERN AVENUE • FRAMINGHAM, MA 01702

**35% DESIGN VIRTUAL PUBLIC MEETING
SAXONVILLE ROADWAY AND PEDESTRIAN IMPROVEMENTS
THURSDAY, NOVEMBER 12, 2020, 6 P.M.**

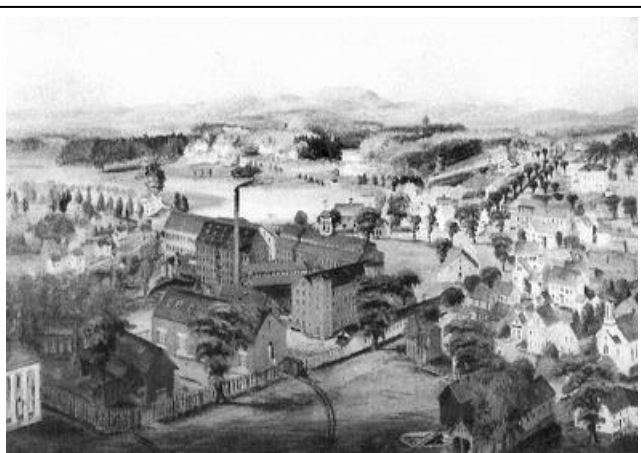

For Meeting Information: www.FraminghamMA.gov/Saxonville

Project Need: Vehicular and pedestrian conflicts pose a safety concern within McGrath Square. The existing traffic signal system is obsolete, and pedestrian improvements are needed. Parking for area businesses is limited. All approaches to the square have seen pedestrian and transportation enhancements over the past several years, and this project will connect them all.

The Central Street and Concord Street Improvement Project includes pedestrian safety and access improvements, replacement of the existing traffic signals, roadway geometry modifications, streetscape improvements, sidewalk replacement, parking enhancements, and new roadway pavement.

Consultant: Green International Affiliates, Inc.
