COVID-19 UPDATE

Since Monday, Seven Residents have Tested Positive, and Nine More have Recovered from COVID-19;

Health Department Distributes Demographic COVID-19 and Vaccination Data

- **Since Monday, seven residents have tested positive, and nine more have recovered from COVID-19:** The number of people in the City who have tested positive for COVID-19 is 8,211. With 6,471 recovered and 244 fatalities, Framingham currently has 1,496 active cases. The Framingham Health Department contacts the people who were potentially exposed and the owners of the businesses or places of employment where the potential exposures occurred to inform and counsel them on next steps (contact tracing). In addition to the active cases, the Health Department is following 501 residents in quarantine.
- **Health Department Distributes Demographic COVID-19 and Vaccination Data:** The City's Department of Public Health distributes demographic COVID-19 data about confirmed COVID-19 cases and vaccination efforts in Framingham. Reference today's data release [here](#). The Health Department has corrected data regarding the numbers of those vaccinated in the City. The Department did not realize that the count of "individuals with at least one dose" included the "partially vaccinated individuals." The data has been corrected as of this week's report. The number of residents "fully vaccinated" was not impacted by the error.
- **COVID-19 in Framingham:** Information on COVID-19 in Framingham can be found [here](#). To receive information from the City on a mobile device, text "Join FraminghamMA" to 30890. Residents also can find updates on [Facebook](#) and Twitter - @Framingham_MA.
