Five More have Recovered from COVID-19;**

*Beginning Today, Testing Hours at 123 Maple Street COVID-19 Drive-up Testing Site Have Changed;
Update on the Vaccine Equity Initiative in Framingham;
Weekly Food Resource Guide to be Provided Wednesday;*

- **Since Friday, June 18, no residents have tested positive, and five more have recovered from COVID-19:** The number of people in the City who have tested positive for COVID-19 is 8,349. The last time the City [announced that no residents had tested positive](#) was June 17, 2020 (a little more than one year ago). With 8,017 recovered and 250 fatalities, Framingham currently has 82 active cases. The Framingham Health Department contacts the people who were potentially exposed and the owners of the businesses or places of employment where the potential exposures occurred to inform and counsel them on next steps (contact tracing). The Health Department is working in the State's database to update the status of cases in quarantine, so the number is accurate. Once that work is complete, the City will report on the number of cases in quarantine.

- **Beginning today, testing hours at 123 Maple Street COVID-19 drive-up testing site have changed:** New hours are as follows:
 - Mondays: 8 a.m.-4 p.m.
 - Tuesdays: closed
 - Wednesdays: closed
 - Thursdays: 11 a.m.-7 p.m.
 - Fridays: 8 a.m.-4 p.m.
 - Saturdays: 9 a.m.-5 p.m.
 - Sundays: 9 a.m.-5 p.m.

The Massachusetts Stop-the-Spread program reduced hours due to lower numbers of appointments being scheduled. Testing is by appointment only and can be scheduled at the Project Beacon site found [here](#).

- **Update on the Vaccine Equity Initiative in Framingham:** Guided by the State's framework, the Equity Initiative includes people of color, immigrants/recent arrivals, homebound and disabled individuals, people living in low-income and congregate housing, and those with multiple and complex medical needs in Framingham.

Last week, clinics were held at Brace, Greater Framingham Community Church, Metrowest

###

Worker Center, and Pelham Learning Center. Since Wednesday, March 24, 5,625 (4,645 Moderna, 95 Pfizer, and 885 Johnson and Johnson) vaccinations have been administered under the Equity Initiative. Those who have received dose one of Moderna and Pfizer have been invited to return for a second dose at the same community site to become fully vaccinated. The COVID Vaccine Team will continue to offer several clinics each week for the equity initiative at various locations.

To request a home visit, please call the City's Public Health Nursing Office at 508-532-5667. Leave your name, phone number, and address, and someone will return your call within 36 hours.

Framingham's weekly equity vaccination data report provided by the State of Massachusetts can be found [here](#).

- **Weekly food resource guide to be provided Wednesday.**
